

## Language, Literacy and Communication

Mrs Parry phonics group- weekly blend 'tr'  
Mrs Tomlinson phonics group- weekly sound 'er'  
Visit [Purple Mash 2dos/ Seesaw](#) for phonics activities.

Watch my video clip on your seesaw journal about fiction and non-fiction books.

### Challenge tasks

- Easter News writing. Write about an activity you got up to during your Easter holidays.
- Find a fiction and non-fiction book at home. Explore the features of the non-fiction book. Can you find the contents page, index, page numbers, title?
- Listen to the first chapter of our new class book, 'The Secret Garden' on your Seesaw journal.

## Health and Well-being

Practice making different shapes with your body.

Hold the shape for 3 seconds.

Can you link three different shapes together?

## Home Learning Journey Week Beginning 20<sup>th</sup> April 2020

### Expressive Arts

Sit in the sunshine and draw your favourite flower. It could be a flower you have in your garden or a picture of a flower you have found in a book or online.

Here is a selection of challenges to work through this week.

Keep in touch with me on Purple Mash and Seesaw by sharing the activities you have completed.

### Humanities

Have a look out for different plants in your home (indoor/ outdoor) or if you go out on a walk. How many different plants can you find?

Are the plants you find all the same? What do you notice? Can you keep a record what you find out and show me on seesaw? This could be as a video, photographs, pictures you have drawn and labelled.

## Mathematics and Numeracy

This week I would like us to practice telling the time. Where can you find clocks around your home? Watch this learning clip about the clock- <https://learnenglishkids.britishcouncil.org/how-videos/how-tell-the-time>

### Challenge tasks

- Make a clock outside using natural resources and practice o'clock and half past times (quarter past and quarter to times as a hot chilli challenge)
- Play What's the time Mr Wolf
- Complete 2do: Telling the time quiz (Purple Mash)
- Complete Time- O'clock and Half past (Seesaw activity)

## Science and Technology

This week I will be setting up an investigation at home to explore what plants need to grow. I am going to set up three pots of plants in three different places in my house.

What do you think plants need to grow?

Where do you think I should put my plants?

Complete the 2do: Plant investigation (Purple Mash) to let me know what you think or send me your ideas on seesaw.
