

Language, Literacy and Communication Challenge tasks

- Read a Christmas story of your choice and tell us about your favourite character in the story and your favourite part. Would you recommend the story to a friend and why?
- Write or retell a Christmas story of your own. Create your story map with a beginning, middle and end. What adventure can you take your characters?
- Share with us a picture of your Christmas tree at home and tell us about your favourite decoration and what makes it special to you.
- Watch a Christmas film and tell us all about it. What did you enjoy? What happens to the main character in the film?

Health and Well-being

Find your favourite Christmas song, put on your Christmas jumper and create a dance. Let's see who has the best dance moves!

Spread some kindness! Choose some activities from the kindness advent calendar. See separate document on next page.

Get moving with a Christmas Themed Yoga <https://cutt.ly/DhIrYd6>

Christmas mindfulness colouring activity sheets. See attached documents.

Home Learning Christmas activities

Expressive Arts

Design and make a Christmas card for someone in your family. Write them a message inside.

Design your own Christmas jumper using the jumper template.

Here is a selection of challenges to work through this week (Week beginning 14th December) whilst we are away from school.

Keep in touch with us on

Seesaw (Foundation Phase)

Google Classrooms (Key Stage 2)

We look forward to seeing what you are getting up to. You can send through pictures and videos of the tasks you have completed.

Humanities

Christmas around the world

Did you know?

In India, people like to decorate their houses with colourful, folded paper stars. What other interesting facts can you find out about Christmas around the world?

See the attached PDF documents to help find your facts.

Mathematics and Numeracy

Challenge tasks

- Measure out the ingredients to bake a Christmas treat. Maybe you could make some delicious mince pies or decorate some biscuits.
- Ask if you can help wrap any gifts at home that you are giving to friends or family. You will need to estimate how much wrapping paper you will need. Cut the amount you need and wrap the gift carefully and neatly. What shape is the gift? Is it a cube, cuboid, how many sides does it have? Don't forget to make a label for your gift.
- Create a graph based on the different decorations you have on your Christmas tree.
- Complete activities from the Christmas maths activity booklet (see Nursery/ Reception, Year 1&2, Year 3&4 and Year 5&6 version as appropriate).

Science and Technology

Visit the weblinks below to have a go at a variety of Christmas games.

Which game did you enjoy the most?
