Friday February 25th, 2021

Dear Parent/Carer

I am pleased to let you know that the long awaited remodelling of our school is being scheduled to start on or around Monday 8th March and is programmed to take about 36 weeks.

There would be no good time to start this work and inevitably there will be some disruption as the work proceeds. However, I can absolutely assure you that the Head-teacher and staff will endeavour to minimise the impact on the children so that their learning, will be maintained at the highest possible standards.

When the work is finished we will have a school fit for purpose which meets the needs of today and beyond. We will have:

- an additional classroom with facilities specifically designed for Early Years children
- improved toilet facilities for staff and children
- better access from each classroom to the outside
- dedicated covered space for each class at the rear of the classrooms
- a larger hall
- the ability to let out the hall for community use as, outside of school times, it can become a self-contained unit with its own separate entrance and facilities
- improved security access to the school at the main entrance door

This project has been a long time coming as many of you will know. However, we are on the threshold of a development that will transform our school and secure its future for many years. It will be a bumpy few months but, with the "can do attitude" our staff and leadership have, we can be confident that later in the year we will have achieved something special that we have all sought for a long time.

Yours sincerely

Clive Bracewell
Chair Governors / Cadeirydd y Llywodraethwyr
