

# BRYNFORD SCHOOL ECO DAY

On Wednesday 20th May, to mark Eco Day, Friends of Brynford School is bringing something a little different to the school gate. Whether you fancy grabbing a bargain, having a clear-out, or both - there's something for everyone.

 **ON SALE:** come and grab a bargain

All at the school gate from 2:30pm.

 **Pre-loved uniform**

All cleaned, sized and ready to browse: great condition at brilliant prices

 **Tuck shop**

A little treat to round off the school day

 **Pre-loved books for adults and children**

 **DONATIONS REQUESTED: have a clear-out to raise money for the school**

## **Bags of old clothes**

Think anything you haven't worn in a year: **adult and children's clothing, shoes (paired please!), bags, belts, accessories, bedding and towels.** Pop everything into any carrier bag or bin liner. We'll hand it all over to Dragon Bags, a brilliant Welsh textile recycling scheme that pays schools per kilo, so the fuller your bags, the better!

 **A couple of things we can't take:** school uniform, duvets, pillows, underwear or socks unless brand new with tags, bath robes, slippers, workwear or PPE, or fabric scraps.

**PLEASE DROP ANY DONATIONS INTO THE DRAGON BAGS BIN OVER THE COURSE OF THIS AND NEXT WEEK - COLLECTIONS WILL BE ARRANGED**

## **Old phones, tablets, iPads and laptops**

You know the ones - sitting in a kitchen drawer since you upgraded two years ago and keep meaning to get rid of.

**A couple of minutes of prep makes a big difference** ✨

Before you bring your device in, it really helps if you can **do the following:**

**For all devices:** go to your settings and do a **factory reset.** This wipes your personal data so you can hand it over with complete peace of mind.

**For iPhones and iPads specifically:** please make sure you've **signed out of your iCloud** account before resetting. (Settings → your name at the top → scroll down → Sign Out.) **This one step is really important:** without it, we can't process the device at all.

**For Android phones and tablets:** go to Settings → General Management → Reset → Factory Data Reset. SIM cards: please pop your SIM out before you bring it in. A SIM removal tool or a straightened paperclip in the little hole on the side of the phone does the trick!

**Chargers and boxes:** if you still have the charger or correct box, please bring it along too!

Not sure how to do any of this? Don't let it put you off bringing your device in - just bring it along anyway and have a chat with us on the day. 😊

**PLEASE DROP TECH DONATIONS ON 20<sup>th</sup> MAY**

We're a small school so every bag of clothes, every old gadget, and every pre-loved item sold makes a genuine difference. Thank you, as always, for being such a brilliant community. ❤️

**Friends of Brynford School (FOBS)**
